Human Mind & Behaviour*

ADMISSIONS OPEN 2024-25

MGM UNIVERSITY

MGM University was established by the Mahatma Gandhi Mission (MGM) Trust in 2019 with a vision to provide value-based, research-driven and experiential education that will transform the youth into professionally competent and socially responsible citizens. Approved by the Government of Maharashtra under MGM University Act, 2019 (Maharashtra Act No. XXVI of 2019) and accorded the 2(f) status by UGC, India, MGM University is the first University in Marathwada to fully implement the New National Education Policy (NEP 2020). The University offers over 340 programs in a spectrum of streams ranging from Engineering and Technology, Management and Commerce, Basic and Applied Sciences to Social Sciences and Humanities, Design, Performing Arts and Interdisciplinary Studies. The educational facilities, research infrastructure and sports amenities at MGM University are at par with the top-notch universities in the country.

Institute of Social Sciences

One of the premier educational institutions in social sciences in the region, MGM University's Institute of Social Sciences prepares students for a career in the development sector. It enhances their understanding of and sensitivity towards different socio-economic and psychological problems and enables them to address the issues with various social intervention techniques. Empowered with sound theoretical knowledge and robust practical experience, the students not only create a brighter future for themselves but also for society.

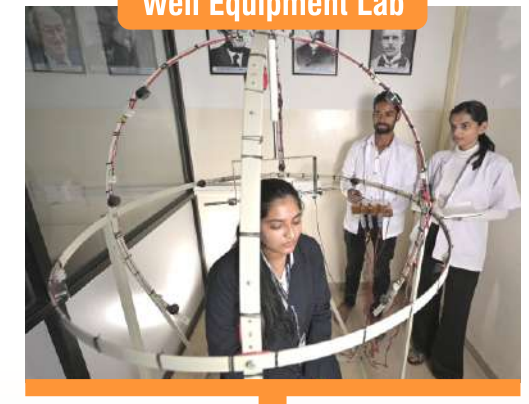

Department of Psychology

The Department of Psychology in the Institute of Social Sciences at MGM University delves into the study of human mind and behaviour. With a blend of academic excellence and practical application, our programs offer a dynamic learning experience. Our distinguished faculty lead the way in cutting-edge research and shape educational landscape of psychology. Here, students not just learn important theoretical concepts, but also have hands-on experience that prepares them for success in various careers. But it's not all serious business – the department offers a vibrant community of scholars and learners, where intellectual curiosity thrives. And there's more! The Department's recently established Psychology Laboratory is a pioneering venture, equipped with the latest technology for immersive exploration. Join us in unraveling the mysteries of the mind and shaping the future of psychology. Welcome to the Department of Psychology, where learning is both enlightening and fun!
